FRIDAY NEWS FROM BANGKOK PREP: ISSUE 10

Friday 12th June

Update about school reopening

Dear Students, Parents, Guardians and Staff,

We are delighted to announce that this afternoon some international schools have been granted permission to re open by the Prime Minister. Therefore, we will follow the Phased Re-opening Procedures which are located on FireFly. **The school will open to students from Monday 15th June.** The end of Term 3

will be on Friday 26th June.

We are operating a phased re-opening so that the number of students on site each day is low and we can easily help all our students to learn about all the new safety measures in place. On Monday 15th June, the first students that can be welcomed back to the school are:

**Group A in our Primary School
Year 7 and Year 9 in our Secondary school.**

Our priority will always be the protection of the health of our community, and Bangkok Prep will, therefore, be following all of the COVID preventative measures as directed by the Ministry of Education and OPEC. **Please complete this Health and Travel Declaration. An electronic version of the form is available below.**

Completing this form does not mean you are definitely sending your children to school but no one will be allowed on campus without completing this form, this includes all staff. One form is needed for each of your children. Unfortunately, parents and visitors are still not able to come into school unless for a pre arranged appointment.

I am sure your children are really looking forward to being at school, once again, with their teachers and friends. There are new safety measures and routines to prepare for and we would appreciate your help in talking to your children about the changes and the importance of social distancing over the weekend. This video may be very helpful to show to your children: [Back to school next week.](#)

Please see these links to Firefly below which provide more details of our safety measures:

[Secondary Phased Reopening Procedures and Information](#)

Please note there are a number of Whole School safety measures that apply to **everyone** in the community. These can be found on the documents above and are compulsory for all.

We are really looking forward to seeing the students back in school and having a really positive end to this academic year.

See you soon!

Term 4 update

Thank you for engaging fully with the Term 4 summer programme. A huge number of booking requests have been received already. CHQ will close on Sunday and we will work hard to confirm your child/ren's programme. We have already received a few FAQs (Frequently Asked Questions) and would like to share the answers with you.

Can students who are not enrolled in Bangkok Prep join the Term 4 Summer Program?

No, this is exclusively for our Bangkok Prep students

Will there be any fee for registering for the Term 4 Summer Program?

No, it is free of charge for Bangkok Prep students.

If we choose to take some holiday or stay at home will this put my child behind?

Not at all. This is completely optional and skills based. All curriculums will be covered in the school term 1, 2 and 3. Attendance records at school are not affected by Term 4.

Will children need to wear their uniform to school?

No, our students can wear any sensible and comfortable clothing that is appropriate for school and the activities they are joining. The only compulsory clothing is a face mask. Please be aware that children should also wear socks as they will need to remove their shoes if using classroom spaces.
